To Voters.

Every Republican has the right to vote for whom he chooses at the primaries to-day, and I suggest that if anybody is unwilling to swallow the list of men prepared by the Reno Club, which organization seems to have taken it upon itself to nominate a ticket for the entire county, without consultation with members in outside precincts, or giving them a chance to name their own representative, that the voters make a free fight out of it, and vote for whoever they want to. For one I would like to see the old crowd retired, and such Republicans as Nels Hammond, Dr. A. Dawson, R. L. Fulton, C. A. Bragg, A. H. Manning, C. C. Chase, J. C. Haynes, M. Conits, H. W. Higgins, C. T. Bender, W. L. Bechtel, G. H. Fogg and many others I could name, go to State Conventions oftener than they do.

REPUBLICAN.

Caledonian Picnic.

Next Saturday, August 7th, the Virginia Caledonian Club will hold its fifth annual picnic and celebration of games at Treadway's Park. The members are in training for the games, and an unusually interesting athletic tournament may be expected. The prizes offered are elegant and costly, and will stimulate all to do their best. There is a beautiful gold medal for the archers, and it is expected that three clubs will compete for it. There will be the best of music in attendance, and those who wish can dance. There will be much amusement and enjoyment at Treadway's Park next Saturday.

Republican Primaries.

The Republican primary elections for the selection of delegates to the State Convention take place to-day throughout the county. So far as heard from there will be but one regular ticket in the field. Voters, however, have the right to vote for whom they please, but we caution them not to vote for any man who is not in favor of Beatty and Doggett. There is some dissatisfaction with the ticket nominated at the Club meeting the other night, and we understand that a large number of Wadsworthites want F. L. Gladding instead of E. Fowler.

Surprised.

A surprise party was given to Miss Alice Higgins last evening and the young folks had a delightful time. Miss Alice leaves for Monterey in a day or two to spend a couple of weeks, and her large circle of friends concluded to surprise her before she took her departure.

By request of the citizens of Reno Jessie Shirley, the child artist of Chicago, will give one more of her most popular entertainments at the Baptist Church to-night. The Reno band has kindly volunteered. Selections pathetic, tragical and humorous.

R. S. Osburn announces himself a candidate for County Clerk, subject to the decision of the Democratic County Convention. Mr. Osburn possesses every necessary qualification for the office of Clerk and is one of the most popular Democrats in the county.

The Arcade Restaurant is once more open to the traveling public, and under the management of that excellent enterer, Charlie Merrill, is certain to be a favorite eating place.

Commissioners.

The Board met yesterday pursuant to adjournment. Present—T. K. Hymers (Chairman), R. H. Kinney, E. Olinghouse, Commissioners, Mark Parish, Clerk, John Bowman, District Attorney.

On application of Mrs. L. H. Torp, a new lease of five years was granted her, of that portion of Geiger Grade road in Washoe county.

R. H. Drought was appointed Justice of the Peace of Wadsworth township.

NATIONAL REPUBLICAN PLATFORM.

THE FOLLOWING IS THE PLATFORM of the National Republican Party adopted by the Chicago Convention:

Republican rule has restored upon a solid basis payment in coin for all the national obligations, and has given us a currency absolutely good and legal, and equal in every part of our extended country. It has lifted the credit of the nation from the point where six per cent. bonds sold at 90, to that where four per cent. bonds are sought at a premium. Under its administration railways have increased from 31,000 miles in 1860 to more than 82,000 miles in 1879. Our foreign trade has increased from \$100,000,000 to \$1,100,000,000 in the same time, and our exports, which were \$20,000,000 less than our imports in 1870, without resorting to loans, it has, since the war closed, defrayed the ordinary expenses of Government, besides the accruing interest on the public debt, and disbursed annually more than \$30,000,000 for the relief of the people, and by refunding the balance at lower rates has reduced the annual interest charge from nearly \$151,000,000 to less than \$85,000,000. All the industries of the country have revived; labor is in demand, wages have increased, and throughout the entire country there is evidence of a coming prosperity greater than we have ever enjoyed. Upon this record the Republican party asks for the continued confidence and support of the people, and this Convention submits for their approval the following statements of the principle and purpose which will continue to guide and inspire its efforts.

POPULAR EDUCATION.

First.—We affirm that the work of the last twenty years has been such as to commend itself to the favor of the nation, and that the fruits of the costly victories which we have achieved through immense difficulties should be preserved. That the people should be cherished. That the disinterested Union, now happily restored, should be perpetuated, and that the liberties secured to this generation should be transmitted unimpaired to future generations. That the order established and the credit gained should never be imperiled. That the pension promised should be paid. That the debt so much reduced should be extinguished by the full payment of every dollar thereof. That the revolving industries should be further promoted, and that the commerce already so great should be steadily encouraged.

A NATION, NOT A CONQUEST.

Second.—The Constitution of the United States is the supreme law, and not a mere contract. Out of the confederated states it made a sovereign nation. Some powers are reserved to the nation, while others are retained by the States; but the boundary between the powers delegated and those reserved is to be determined by National and not by state tribunals.

POPULAR EDUCATION.

Third.—The work of popular education is one of the chief duties of the Government, and it is the duty of the National Government to extend to the extent of its constitutional ability. The intelligence of the nation is but the aggregate of the intelligence in the several States, and the success of the nation must be guided, not by the genius of any one state, but by the average genius of all.

PROPOSED CONSTITUTIONAL AMENDMENT.

Fourth.—The Constitution wisely forbids Congress to make any law respecting an establishment of religion, but it is idle to hope that the nation can be protected against the influence of a dominant sect, who each state is free to its particular domination. We therefore recommend that the Constitution be so amended as to lay some prohibitions upon the legislature of each State, and to forbid the appropriation of public funds to the support of sectarian schools.

DUTIES OF THE DAY.

Fifth.—We reaffirm the belief avowed in 1870, that the duties devolved for the purpose of repealing should not discriminate as to favor American labor. That no tariff shall be levied on public domain should be made to any railroad or other corporation. That slavery having perished in the States, its twin barbarism, polygamy, must die the same death. That everywhere the protection accorded to a citizen of American birth must be secured to citizens by American adoption. That it is the duty of Congress to develop and improve our watercourses and harbors, but to leave to the States the right to regulate the persons or corporations subject to private use. That the nations to the men who preserved its integrity in the day of battle are undiminished by the lapse of fifteen years since their final victory. The grateful honor is and shall forever be the grateful privilege and the sacred duty of the American people.

OUR CHINESE PLAN.

Sixth.—Since the authority to regulate immigration and intercourse between the United States and foreign nations rests with the Congress, the United States should not permit the immigration of the Chinese as an evil of great magnitude, involving the exercise of the power to regulate immigration by the exclusion of such race, human and reasonable provisions as will produce that result.

COMMEMORATION OF HAYES.

Seventh.—That the purity and patriotism which characterized the earlier career of Rutherford B. Hayes in peace and war, and which guided the thought of his immediate predecessor to him, the credit of his administration, and his untimely death in his career as Chief Executive, and his history will accord to his administration the honors which are due to an efficient, just and courageous fulfillment of the public business. That the nation should honor his memory by the erection of a statue to his memory in the National Capitol, and by the celebration of his birth and death.

AMENDMENT OF THE DEMOCRACY.

Eighth.—We charge upon the Democratic party the habitual sacrifice of patriotism and justice to a supreme and unobtainable lust for office and patronage, that to obtain possession of the National Government, they have resorted to the unscrupulous immigration of Chinese as an evil of great magnitude, involving the exercise of the power to regulate immigration by the exclusion of such race, human and reasonable provisions as will produce that result.
